5 Since writing the above note I find that on a letter addressed to the Director of Industries (which I found on the file) the Govt have directed that applications for renewals as well as for renewals of the applications, approval should be sent for them from the Director. Except when the applicant already holds licenses. I think it is desirable to embody this direction in the Rules themselves so as to make them self contained. Necessary action may be taken accordingly.

Note: Shri Harisadhan Dasgupta's case should be considered

6 In this case, the Director may be authorised by him as the application for renewal of the certificate has been received within 18 months after the close of the period of the which the certificate relates covered by it, it may be treated as a fresh application and a certificate issued on receipt of the prescribed fee of Rs 25- in accordance with the latest rule.

7 As regards the general question raised by the Director, — that where there is no way handing renewal certificate after the approval, I think this where the application for renewal is made before the expiry of the year, the Director may handing be authorised to renew the certificate on receiving the fee of Rs 5/- prescribed in Rule 5.

Serial No.

Sir,

I have the honour to invite a kind reference to G. R. S. letter No.G.19702/Geol.88-20-2. dated 18th April 1921, conveying the sanction of Government to the grant of a certificate of approval to Sirdar M. Lakshmikantaraja Urs, Cheluvamba Vilas, Mysore City, and to state that in pursuance thereof certificate No.20 was duly issued on 20th April 1921. The Sirdar having applied during last month for a prospecting license for gold over a block in the T. Narasipur Taluk it was pointed out to him that it was necessary under the rules that he should be the holder of a valid certificate of approval to enable him to acquire the license. Application has since been made for a renewal of the certificate for the current year and the full fee of Rs.25/- in accordance with the rules has been paid into the Treasury.

2. Rule 5 of the Rules clearly states that the renewal of these certificates is at the discretion of Government, but hitherto the practice of the Department has been that the Director himself used to sanction the renewal of the certificates when proper fees prescribed therefor were paid. As I feel diffident to continue this procedure which is directly against the rules, I beg to request that Government may be pleased to pass a ruling

in the matter. In my opinion, however, it is desirable and necessary that Government should delegate to the Director, power to sanction the renewal of certificates of approval which have been granted with the sanction of Government after full enquiry into the merits, as otherwise it will involve some unnecessary correspondence and delay. In British India, the Local Government is allowed to delegate to any officer, not below the rank of Collector, the power to renew the certificate of approval on payment of the prescribed fee in any case in which the certificate holder has carried on operations under a prospecting license or mining lease.

2. In the case under reference the certificate expired on 31st December 1921 and its renewal is applied for in June 1923 or after nearly 18 months. The full fee of Rs.25/- has been paid in accordance with the Rules.

3. Orders are solicited as to whether under the above circumstances the original certificate may be renewed on payment of the full fee of Rs.25/- or a fresh certificate issued to the Sirdar.

I have the honour to be,

Sir,

Your most obedient servant,

A. M. Sen

Offg. Director,

Mysore Geological Department.
